

LIVE IMMEDIATE VIRTUAL EVALUATION FOR COLLECTION AND RESULT REPORTING.

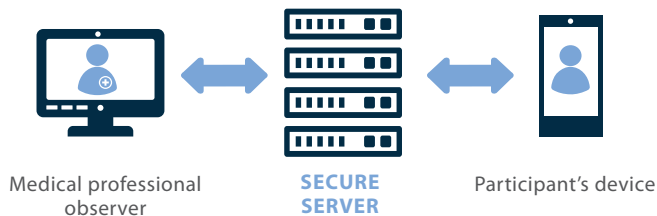

FAST, CONVENIENT, AND EASY-TO-USE

CynergyLIVE helps streamline and expedite hiring, surveillance testing, and other diagnostic screening. As access to healthcare resources and diagnostics are stretched thin nationwide, we believe the combination of our virtual test administration through the secure eRAMx™ technology benefits the individual, the employer, and the medical community.

Virtual test administration eliminates paid time away from work and lost productivity for applicants and employees, delivering unmatched for convenience for those challenged by mobility or geography.

How it Works.

In minutes, approved diagnostics* can now be done from anywhere through a secure mobile connection to a medical professional.
