

# VERIFY AND TRACK EMPLOYEES' COVID-19 VACCINE STATUS AND OTHER HEALTH INFORMATION WITH Cynergy™ STAT

Is your company ready to meet the new employee vaccine federal requirements?

Employers are working to safely bring employees back to work and human resource professionals have the burden of managing COVID-19 vaccine and test tracking.

Cynergy™ STAT is designed to enable businesses to verify COVID-19 testing, remote drug screening, wellness tests, and other assessment capabilities status for employees. It ensures compliance, tracks renewals, vaccine boosters, or other requirements in a secure record.

Cynergy Wellness—as a partner—has nationally licensed physicians that provide telehealth consultation for occupational health and wellness with tracking and retention systems that are HIPAA compliant.
